

## Cultural Inheritance Inspection Permits

WCOWMA-BC is hosting a one-hour webinar on archeological inspections prior to excavation. This session delivered by Raini Bevilacqua, Archeologist and Project Manager for the K’omoks First Nation will provide information to ROWPs on the processes for applying for Cultural Inheritance Inspection Permits, carrying out inspections, areas of concern, and mitigation measures.

This webinar satisfies one hour of the Indigenous Learning requirement set out by ASTTBC. Registration is free to members as a member benefit. Non-members are welcome to participate for a small fee.

The expected outcomes for this training are listed below, and a registration form is attached. You may register for this training by emailing the completed form to [training@wcowma-bc.com](mailto:training@wcowma-bc.com) or fax **1-855-420-6330**.

### Training Deliverables

**Outcomes:**

Understand what a Cultural Inheritance Inspection is and the archeological concerns surrounding the inspection process. Gain knowledge of the information collected, its use in the planning process, and its inclusion in the filing documents.

1. When is a cultural Inheritance Inspection Permit (CHIP) required?
2. What is an Area of Potential?
3. Applying for a CHIP.
4. Carrying out an investigation.
5. Mitigation Considerations.
6. Solutions.
